“ Brenda was my air inspector and one of the first people I met when I moved to Virginia. I even cold called Brenda before I accepted my position to ask her about this company. She was so knowledgeable, fair, and was always willing to help. She had a very kind spirit and I enjoyed spending time with her. Although my interactions with Brenda were limited, we always talked about our families during her visits. I could tell her passion was for her family.

To her husband, daughter and little granddaughter, I am so sorry for our loss. Brenda was a wonderful person and we will all miss her. I pray her strength helps you through this difficult time. You all will be in my prayers.
