“ Was deeply saddened to hear of John’s passing. John had a profound effect on the lives of many young people. As a young man (boy) with aspirations of becoming a firefighter at Namozine in the late 80’s and early 90’s, I had the opportunity to see firsthand the MAN that John Tyrcha was. He was larger than life with a strong hand and a soft heart. John always took the time to teach, encourage, celebrate with, and when needed he would provide a good slap to the back of the head. His devotion and love for his wife and son was constantly on display. John and Inez both treated us all as if we were family. My prayers are with the Tyrcha family.

“ We meet many people along our life's journey, some make a lasting impression, It's obvious from all the shared memories here that John was one of those people that made many long lasting friendships and made a positive contribution to each of us that knew him. He will be missed by many and especially myself.

“ My heart is heavy as I think about your grieving hearts. I have worked with John for years, not directly but through different positions. He always shared knowledge of many things with me. When he was in safety he was always very interesting and knew how to capture our attention about the importance of working safe. In the later years he became a FB friend and he always offered up a kind in loving heart especially after the death of my son in 2017. He was so great about sharing personal things on the FB feed and many times information that would help others. If I was having a bad day there was always a positive comment from John.

I am praying for all of you that as your life continues without him that you will find peace and comfort in knowing your loved one was truly admired by many of us co-workers and me. I have a place across the river from John's happy place and as I pass Grey's Point headed to my destination I will look for signs from John as he has entered into his everlasting home with my son. Hoping they will do some fishing together.

We talked often about catching up and have a bloody Mary together. This might be the weekend that I get one and look out at the river to capture a moment from heaven with a message I might can share on FB just like John did.

“ To the family,

I've been praying for you since John's announcement. I only knew him for a short time but he made a lasting impression. He was very knowledgeable and always willing to share. He will be missed. May GOD give you peace through this difficult time.

“ I came to work with John a short while ago (8 years); and have been blessed with many father-figures and mentors where we work, and John was one of them. I will truly miss his warm greetings and candid dialog anytime we crossed paths. He never shied away from sharing his time, knowledge and experience about work or life, and never hesitated to give guidance.

He expressed his Faith thru various avenues and for that alone I can expect he is at peace. I thank his family for their willingness to share this space and time, though turbulent, with his colleagues and friends. May peace be with you.
