“ To the family I am so sorry for your loss. I will always remember Mrs. Brieling for her sweet gestures of kindness. There were very few days that went by that I didn't have some type of chocolate in my mailbox, and even when she left the school, she still thought enough of me to send me more and more chocolate. She really spoiled all of us here at DHS and she will truly be missed!!! I love you Mrs. Brieling!!

“ I worked with Leila for 16 years at DHS the last 8 I was so fortunate to have her as my secretary. I would have been lost without her but more importantly she was a kind soul and friend. I hope her family can find some moments of peace and comfort during this time of loss. Leila was the most thoughtful person I have ever known. When I last saw her she pulled out wall hanging she had found and said when I saw it I knew you would like it. That is how I will remember her. She always thought of others first. God bless and may you rest in peace.----Randy Johnson

“ To the family: She was a beautiful person with a big heart. If anything was not right on my time sheet. She would always make sure I had it right or let me know what the problem was. I will miss our talks and your big smile and you sitting at your desk at work. Remember do not worry about nothing, but pray about everything and God will see you through.

“ Ms Brieling always made sure I got what I needed when I needed it. We had several moments of laughter and reflection.

“You can shed tears that she is gone
Or you can smile because she has lived.”

Thoughts of some of our encounters, brings a smile to my face. She took care of so many, now it is her time to rest.

“ My Sympathy and prayers to the entire Brieling Family.

Ms. Brieling was one of the first faces to greet me when I came to Dinwiddie High School.

During my very first year, she quickly became my right hand and my mother/grandmother away from home.

One thing that she was always insistent about was that take the time to eat everyday, which did not always happen. She would always drop me some soup, crackers, or whatever she could find for me...

I will never forget our serious talks... they truly carried me when nothing else could...

Ms. Brieling was a true heart and the heart of the school. During my Covid vaccination, Ms. Brieling happened to be there the same day for her vaccination. We met at the door as we exited. It was such a long walk, I suggested to her to call Mr. Brieling to drive around to the side parking lot to pick her up. I grabbed her arm, and we began to walk and talk. We talked about so much in what seemed to be a long walk. We told each other, "Love you." I assisted her to the car, she got in, and I closed the door. I will never forget that moment or our last phone conversation. Her last words to were, "I love you too!"

Thank you for every time you made me eat, every time you talked to me to keep me calm, or every time you found a key that was impossible to find.

I will forever cherish our time and the time you served alongside me as my right hand.

Although our time may have seemed short, the things you did and how you treated me will last a lifetime...

Rest easy Ms. Brieling; fly high, and I love you...
